*Long awaited Zelimir's Album Single "Judy" is ready to be downloaded to your gadgets. Enjoy this sexy and playful Country/Rock'n'Roll song and be ready to start dancing to it, just as scores of people around the world already are!*

**ZELIMIR (Zelimir Kulisic)**, a singer/songwriter from the city of Novi Sad (Serbia) and currently based in Sweden, has just released a brand new Country/Rock Album Single "**Judy**", featuring legendary **Albert Lee**. Zelimir, his team and his worldwide fan base are promoting the heck out of it.

Let's take a step back and see how it all happened: One sunny day back in April 2012, a Country/Rock legend Albert Lee and one of the Europe's most dynamic performers Zelimir, came together to rock the studio with their latest recordings. As these two masterminds united, "Judy" was born, and she plans to stay around for a while. On one side we have Albert with his unique guitar sound, which has been heard on so many artist's songs such as Dolly Parton, The Everly Brothers, Shakin' Stevens, Jerry Lee Lewis, Eric Clapton, Emmylou Harris, and Joe Cocker, just to name a few. On the other side we have a young, explosive European performer Zelimir, who is ready to rock and show the world that his time is now!

"Judy" is not just catchy, but a sexy and fun Country/Rock tune that the world started to embrace. From the time it begins, it captivates you and transforms you into a dancing machine!

"Judy Likes To Rock!" is a Global Line Dance Mania, spreading like a virus, as we speak. Dozens of videos of a people; all colors, nationalities, ages and genders dancing to their own choreographies to the song. Fans are using nothing but word of mouth and good taste in music to refer it to other people! What is so special about "Judy" is that it is a contemporary original Country/Rock'n'Roll tune, and not just the one that is covering Rock'n'Roll songs from the 50s and 60s. People seem to be recognizing that quality straight away. A lot of soul, a lot of heart, a lot of love went into this song and people feel and respond to it.

According to statistics, "Judy" (feat Albert Lee) by Zelimir has already appeared 139 times on iTunes Country Music Charts! This chart climb happened without actual advertisement on Radio or TV. Judy's highest iTunes Music Chart positions so far are: No.4 in Sweden, No.7 in Netherlands, No.12 in Denmark, No.37 in Finland, No.42 in France, No.84 in the UK, and just got into the German iTunes Charts at No.109, as Z Team just started an official Album Single Promotion in Germany on National TV and Radio.
